FEATURED SPEAKERS:

Kenneth Minkoff, MD

Board-certified psychiatrist and Clinical Assistant Professor of psychiatry at Harvard Medical School. He is recognized as one of the nation's leading experts in integrated treatment of individuals with co-occurring psychiatric and substance abuse disorders.

Dennis Moore, Ed.D

Director, Substance Abuse Resources and Disability Issues, & the RRTC on Drugs and Disability, Wright State University School of Medicine. He will address substance abuse and co-occurring disorders among all disabilities, including developmental disabilities.

Susan J. Astley, Ph.D.

Director, WA State FAS Diagnostic & Prevention Network, University of WA. Dr. Astley's major professional goals are the primary and secondary prevention of fetal alcohol spectrum disorders (FASD) through screening, diagnosis, intervention, surveillance, education, and research.

Carlo C. DiClemente, Ph.D.

Professor, Department of Psychology, University of Maryland. Dr. DiClemente is the author of numerous scientific articles and book chapters on motivation and behavior change and the application of this model to a variety of problem behaviors. His current projects include brief interventions for problem drinking in medical settings, adolescent and adult dietary change and health risk reduction, and addiction prevention and treatment.

Dr. Reverend Michael Oleska

Village Priest, University Professor, Consultant on intercultural relations and communication and author of several books on Alaska Native cultures and history.

Darryl S. Inaba, PharmD.

Clinical Manager/Researcher, Genesis-Asante/CNS Productions. Dr. Inaba is noted for his work in developing innovative treatment and culturally relevant services especially in the Asian and African American Communities.
